East Coast Truck and Trailer Sales, Inc. originally began in 1995 in the auto transport business. As a fellow auto transport company, we realized the demand for dealers specializing in auto transport equipment during our search for a new truck and trailer. Shortly after, we began selling car carrier trailers and quickly became the largest dealer for Cottrell, Inc.

Looking to diversify our business, in 2005 ECTTS ventured into the Towing service industry quickly becoming a leading provider to the industry. Meanwhile, the dealership established for auto transport developed into one serving two industries. In December 2011 we partnered with a leader in the towing and recovery business, Jerr-Dan, for their unsurpassed commitment to product innovation, quality, value and customer service. Jerr-Dan’s engineering and design team have earned more than 25 patents around the world for their products, including the advanced rollback wheel-lift and the lightweight/rust resistant tow truck body. We are committed to the quality and longevity our customers get from Jerr-Dan towing and carrier bodies.

In 2020 we introduced a new product line of waste management equipment and accessories by Galfab. Galfab is recognized throughout the waste industry as a premier manufacturer of container hoists for roll-off trucks. Roots of the Galfab brand traverse several decades and they have become known as the leading manufacturer of durable long-lasting roll-off hoist systems. All Galfab Roll-Off Hoist equipment utilizes innovative design, new technology, and superior craftsmanship to ensure quality and durability. Galfab’s legendary roll-off hoists, designed by Don Galbreath, are built tough to endure rigorous daily use and accommodate your business’ needs safely and with the operator in mind.

Being in the transportation industry ourselves we continued to see the need for dealers to supply quality parts at a reasonable price for both the auto transport and the towing & wrecker industry. So, we began stocking a variety of parts to serve you! We continue to update our inventory to bring you new parts that help you get the job done, promptly and safely! Our parts inventory ranges from towing parts, car hauling parts, safety signs and apparel, winch cables, straps and chains, lighting, and even OEM and chassis parts! If we don’t have what you are looking for, just pick up the phone and call us. We will do our best to help find you what you need! Whatever the make or model truck or trailer, we will strive to give you quality parts and quick service from a knowledgeable and friendly staff, all at reasonable prices. We even include free shipping within the continental U.S.! Visit our parts.ectts.com website for more details!
2018 Western Star 4700 & 2020 Jerr-Dan 25 Ton INT Wrecker Single Axle

This 2018 White Western Star 4700 & Jerr-Dan 25 Ton INT Wrecker is equipped with a Detroit DD13 370 HP engine, Allison RDS transmission, a 232” wheelbase, and spring suspension. With its NEW 2020, 25 Ton Counterweighted Jerr-Dan body, a wide range of capabilities are crammed into this compact package. Be the first to have one!

- Roll-up storage doors – enhance ability to see and be seen road side
- Boom, winch and underlift control access from both sides of the vehicle for efficient, reliable operation
- An independent isolated body design which flexes with chassis movement to reduce the wear associated with extreme-use conditions
- Advanced LED lighting kit for high visibility
- Two-stage wrecker boom with dual 25,000 lb. planetary winches.
- 28,000 lbs. Under coach wheel lift.

Boom Rating
- Retracted at 30 degrees – 50,000 lbs.
- Extended at 30 degrees – 16,000 lbs.

Need Truck Repairs?
Want To Eliminate Downtime With Your Wrecker/Rollback?
Return It To Us For Service And We Will Loan You One To Use While We Repair Yours.

East Coast Truck and Trailer Sales is pleased to offer a Wrecker/Rollback Loaner Program to owner-operators in the Hampton Roads area. This is a great opportunity for drivers to continue earning money and eliminate downtime while their wrecker/rollback is being worked on in our shop by our service professionals. We have several wreckers and rollbacks, that we will offer to customers while their wrecker is in our shop. This is a no-charge rental, and all the customer has to pay is 21 cents per mile. You will also be responsible for lettering of the truck to comply with local and state laws. These wreckers/rollbacks can only be used on a regional basis only, this would be within an approximately 200-mile radius of our facility in Portsmouth Virginia. Please note that customers will also have to provide us with a certificate of insurance.
