East Coast Truck and Trailer Sales, Inc. originally began in 1995 in the auto transport business. As a fellow auto transport company, we realized the demand for dealers specializing in auto transport equipment during our search for a new truck and trailer. Shortly after, we began selling car carrier trailers and quickly became the largest dealer for Cottrell, Inc.

Looking to diversify our business, in 2005 ECTTS ventured into the Towing service industry quickly becoming a leading provider to the industry. Meanwhile, the dealership established for auto transport developed into one serving two industries. In December 2011 we partnered with a leader in the towing and recovery business, Jerr-Dan, for their unsurpassed commitment to product innovation, quality, value and customer service. Jerr-Dan’s engineering and design team have earned more than 25 patents around the world for their products, including the advanced rollback wheel-lift and the lightweight/rust resistant tow truck body. We are committed to the quality and longevity our customers get from Jerr-Dan towing and carrier bodies.

In 2020 we introduced a new product line of waste management equipment and accessories by Galfab. Galfab is recognized throughout the waste industry as a premier manufacturer of container hoists for roll-off trucks. Roots of the Galfab brand traverse several decades and they have become known as the leading manufacturer of durable long-lasting roll-off hoist systems. All Galfab Roll-Off Hoist equipment utilizes innovative design, new technology, and superior craftsmanship to ensure quality and durability. Galfab’s legendary roll-off hoists, designed by Don Galbreath, are built tough to endure rigorous daily use and accommodate your business’ needs safely and with the operator in mind.

Being in the transportation industry ourselves we continued to see the need for dealers to supply quality parts at a reasonable price for both the auto transport and the towing & wrecker industry. So, we began stocking a variety of parts to serve you! We continue to update our inventory to bring you new parts that help you get the job done, promptly and safely! Our parts inventory ranges from towing parts, car hauling parts, safety signs and apparel, winch cables, straps and chains, lighting, and even OEM and chassis parts! If we don’t have what you are looking for, just pick up the phone and call us. We will do our best to help find you what you need! Whatever the make or model truck or trailer, we will strive to give you quality parts and quick service from a knowledgeable and friendly staff, all at reasonable prices. We even include free shipping within the continental U.S.! Visit our parts.ectts.com website for more details!
The Jerr-Dan HDR1000 50/60 Ton JFB Gold Series 274-STS Rotator Wrecker boasts an empowering combination of heavy-duty capabilities, superior stabilizing technology, commanding rotation, unsurpassed pulling capacity and unstoppable power. This unit is equipped with the impressive JFB Body Gold Series package and self-steering pusher axle. Its extra-rugged, non-corrosive exterior is made of weather-tight, impact-resistant polypropylene—making it more durable and longer lasting. It features roll-up aluminum doors for swifter access to equipment, strategically placed LED lighting for improved visibility and specialty storage solutions to ensure every tool has its place.

East Coast Towing Advantage

Need Truck Repairs?
Want To Eliminate Downtime With Your Wrecker/Rollback?
Return It To Us For Service And We Will Loan You One To Use While We Repair Yours.

East Coast Truck and Trailer Sales is pleased to offer a Wrecker/Rollback Loaner Program to owner-operators in the Hampton Roads area. This is a great opportunity for drivers to continue earning money and eliminate downtime while their wrecker/rollback is being worked on in our shop by our service professionals. We have several wreckers and rollbacks, that we will offer to customers while their wrecker is in our shop. This is a no-charge rental, and all the customer has to pay is 21 cents per mile. You will also be responsible for lettering of the truck to comply with local and state laws. These wreckers/rollbacks can only be used on a regional basis only, this would be within an approximately 200-mile radius of our facility in Portsmouth Virginia. Please note that customers will also have to provide us with a certificate of insurance.

Born from necessity, our new Safety4Her clothing line provides exactly what the brand implies, safety for her! Women on the go enjoy this durable yet comfortable clothing with safety in mind. Offering practical designs for women on the run as well as those who work in towing, construction, emergency response, and other industries that demand safety while working. Safety4Her has the diverse range of snug, durable, high visibility (Hi-Vis) reflective quality while also fashionable-just what working women deserve.

“We want to set an example for women that nothing can stop you from being who you want to be. Our customers can expect the friendly, personalized customer care that comes from a family-owned business.” - Melissa Gaglione, President

LIGHTEST
Weighing only 54 lbs. with a payload capacity almost 60x its weight (3040 lbs. up to 4280 lbs.)

SAFEST
Safety Ratchets prevent accidents, allow mobility in tight spaces, and better leverage on snow, ice, gravel and slope - more safe options in difficult situations. Safety first!

MOST SERVICEABLE
Serviceability has never been easier to replace components on the spot! Parts are conveniently distinguished by gold tone for quick identification and easy replacement.

MOST ADVANCED
State of the art engineering with the first 8x 3.75 aluminum mag wheel and matching slotted aluminum hubs.
